NEXT-GEN FEATURES FROM FRANPOS!

The Future of Pet Retail POS is Here!

Franpos is revolutionizing the way pet retailers operate with powerful new features designed to streamline operations, boost revenue, and enhance customer experience. Get ready for the next generation of retail technology!

The Next Generation of eCommerce

Seamlessly integrated with our POS system, our cutting-edge eCommerce platform ensures real-time inventory and order management without the need for extra software or teams.

- Customers can shop online and choose pickup or delivery with ease.
- Smart fulfillment ensures pickup orders are routed to the best location based on stock availability.
- Delivery orders are intelligently assigned to the nearest store to minimize costs and time.
- Failover Protection: If one store can't fulfill an order, it automatically rolls over to the next available location.
- Real-Time Sync: Orders, inventory, and fulfillment updates happen instantly across all stores.

Embedded Full-Service Payroll

Manage employee payroll like never before with our built-in, hassle-free payroll system:

- ACH payments for seamless transactions.
- Automated employee tax management.
- W2 generation and electronic onboarding for new hires.

Franpos Capital – Small Business Funding

Need financial support? Get fast and easy small business loans approved directly through the Franpos platform—helping you grow and expand without the wait.

AI Reader - Powered Service Automation

Experience the future with smart automation:

- AI-driven insights to optimize inventory and sales.
- RFID technology for seamless stock tracking and faster checkouts.

Don't get left behind—upgrade to Franpos in 2025 and transform your pet retail business!

All-in-one Platform For Growth
