# Revolutionize Your Pet Business with the Franpos Pet Operating System

Smarter. Simpler. Tailored for Pets.

All-in-one software built for pet retailers, groomers, daycare and boarding services

Why Franpos?

Running a pet business is more than just managing products and appointments. Franpos is the first truly integrated Pet **Operating System**, built specifically for the pet industry — combining point of sale, scheduling, inventory, eCommerce, and more into one seamless solution.

Key Features:

- **Point of Sale (POS):** Fast, intuitive checkout with multi-location support.
- **Grooming:** Integrated scheduler simplifying booking, check in and check out.
- **Boarding & Day Care:** Complete management system integrated with your POS.
- **eCommerce:** Sell products online through your custom storefront offering BOPUS, Delivery, Shipping.
- **Growth Marketing:** Engage old and new customers with built in email and text marketing.

Benefits to Your Business:

- Grow revenue through smart upselling tools and subscription plans
- Streamline operations by combining booking, inventory, and POS
- Reduce no-shows with automated appointment reminders
- Make data-driven decisions using advanced reporting and analytics
- Expand your reach with integrated eCommerce
