

# Proven partners **shaping the next generation** of animal supplements

Vets Plus, Inc. is a leading CDMO in animal supplements, proudly celebrating 35 years of expertise. We specialize in custom formulation, regulatory compliance, and premium quality manufacturing to bring innovative solutions to market. Our manufacturing capabilities include soft chews, dental sticks, powders, gels, pastes, mousse, injection molded chews, and more, providing a diverse range of options for animals. Recognized by every major quality organization, we ensure the highest standards in quality, safety, and reliability.

Together with our partners, Vet Plus is shaping the next generation of animal supplements, driving innovation and delivering tailored solutions that set new standards in animal health and wellness.
